

HeartStrings Knitting Patterns
for Wearable Art in Timeless Styles

Auto-Ship Subscription Program

Standing Orders for newly released patterns, with added benefits of free shipping and Preferred Retailer listing

Jackie E-S and HeartStrings Knitting Patterns invite you to participate in their automatic shipment program for newly published designs. As a HeartStrings dealer in good standing, you have the opportunity to receive these knitting patterns as soon as they are released – never miss out on new HeartStrings patterns that your customers are looking for right away!

With your Auto-Ship Subscription, you will receive email notification in advance of publication release, usually at least 5 days, providing you date of shipment together with pre-announcement information about the new patterns, links to online photos and detailed information for your own promotions.

You will automatically receive 6 each of the new publications designated for auto-ship and be charged the wholesale price only, with free shipping.* You can expect auto-ships 4 times per year, each with 3 publication titles. Cost will usually be in the area of \$65 per auto-shipment of 6 each of the the 3 new publications. Auto-ships receive free shipping.

Anytime after the pre-announcement email and before the shipment date, you may

- Increase the quantity of new patterns you would like.
- Cancel your subscription to the automatic shipment program and not be shipped new patterns under the Auto-Ship terms.
- Additionally order any other HeartStrings patterns to be included in your shipment.

No matter how many additional new or re-stock patterns you order in conjunction with your upcoming Auto-Ship, you will receive free shipping.

As an added benefit, your business listing in the Store Locator on the HeartStrings FiberArts web site will be enhanced to display in large bold lettering. This Preferred Retailer listing directs knitters to check with you to most likely find new patterns soon after release.

To complete the process of adding you to the Auto-Ship Subscription Program, please provide your credit card information for our files and permission to charge upcoming Auto Ship orders to you (subject of course to your cancellation at any time with written or verbal notice).

If you have questions, write or call. Anytime I can be of help to you, just let me know.
