

## ***Ethereal Fichu***

A sheer and flowing long triangular shoulder wrap knit in geometric lace motifs. This is a good project to make in a special exotic fiber you've always wanted, as it requires only a small amount of laceweight yarn.

Start at the point of the triangle and increase to the widest point, creating a pretty pointed edge along the sides of the triangle. To add a bit of a

curve to the basic triangle shape, the initial lace motif transitions into a similar one with a slightly different scale partway through the length of the fichu. A pretty coordinating edging is worked sideways to bind off and complete your project.

### **Sizing**

One size — 42" at longest point and 56" at widest point

### **Yarn and Needles**

600 yards laceweight yarn

Size 6 us (4.0 mm) needles

**GAUGE:** 4 stitches per inch over blocked pattern stitch

Stitch markers placed at pattern repeats will help you keep track of where you are; you will need a total of 14.

**Skill Level:** Intermediate knitter
