

Lead or Follow Lace Scarf

The fluid design of this scarf is a wonderful study in the behavior of lace knitting when yarn overs are placed in various positions relative to the compensating decreases.

Sizing, Yarn and Needles

Allow 500 yards lace or fingering weight yarn for blocked measurements of 12" by 68". This scarf can be easily adjusted for length or width. Allow additional yarn if widening or lengthening.

Size 5 us (3.75 mm) knitting needles.

Gauge: Average of 5½ sts per inch over combination of border and main patterns after blocking under tension.

Charted and written stitch instructions included.
