

# Get an Edge to Start Shawl

Start this lusciously fluid triangle shawl with a stunning 10" wide lace edging for a different take on triangle shawl construction.

Get an Edge to Start Shawl is designed for knitting with a yarn plied with beads and a companion unbeaded plain yarn. The beaded yarn is featured in the wide diamond edging. The unbeaded yarn is used to fill in the triangular body of the shawl with a lacy V-diagonal trellis stitch that both keeps the silhouette of the triangle shawl shallower than usual and naturally extends into an attractive collar.

## Sizing

60" wide as measured across widest distance by 40" length at center back including turned-back collar

## Yarn and Needles

Lace or light fingering weight yarns as follows -

Yarn plied with beads (for edging and upper border): 495 yards

Coordinating unbeaded yarn (for body of shawl): 450 yards

Size US 5 / 3.75 mm needles suggested for gauge of 20 stitches and 28 rows per 4 inches over finger-blocked Wide Diamond Edging pattern stitch

Pictured in in Tilli Tomas Beaded Lace 100% Silk with Petite Beads (50g/165 yds - 3 skeins, used for edging) and Tilli Tomas Demi Plié 100% Natural Plied Silk (50g/290 yds - 2 skeins, used for body of shawl), both in color 280 Washington.

This shallower triangle shawl can be more flattering to your derriere when wearing the shawl traditionally with the point hanging down center of back.

Another attractive way to wear this shawl is upside down from the traditional (right).

A bonus is that the shawl is entirely reversible!
