

Reversible Lace Cables Scarf

An elegant yet simple lightweight dressy scarf. The main pattern is a mock eyelet cable, surrounded by a border of garter stitch and herringbone lace. The choice of a subtly varicolored or multi-toned yarn will introduce a rich amalgamation of gradual color changes into the lace and cable texture.

Shown in a hand-painted multi-color silk/rayon yarn.

Yarn and Needles

400 - 500 yards of laceweight or fingering yarn, approximately 2 to 3 oz for blocked measurements of 10" by 72" (length can be easily adjusted for the amount of yarn you have)

Gauge: Approximately 4¾ st per inch in Herringbone Lace (see Outer Border Section)

Size 6 US (4.0 mm) needles

A view showing the reversibility of the scarf.
