Although the colorwork might appear
involved, the slip-stitch color knitting is
simple because you only need to handle
one yarn color at a time.

The beads give an added depth of color
and look of complexity to an otherwise
simple beaded knitting technique.

color #711 (the lighter yarn) and color #779 (the darker
yarn); Miyuki beads #6-1427 Silver-lined Violet.

Beaded Smoke Ring

Light as air cowl in knitted lace and sparkly touches of beads at each end of the knitted tube. This versatile accessory can be worn pulled down around the neck to lie on the shoulders as a dressy neckline, or pulled up over the head as an elegant head covering.

Sizing

Directions are written for a smaller 22" size, with changes for a larger 25½" size given in brackets [].

Finished measurements are 22 [25½]" around and 17 [18]" long.

Materials

Laceweight or fingering weight yarn, approximately 275 [350] yards. Your yarn choice needs to be thin, yet strong enough, to carry the beads.

108 [126] glass knitting beads (holes need to be large enough for yarn to pass through)

12 [14] ring markers, one of which is a different color

Size 6 US (4.0 mm) circular needle, or size to obtain planned gauge, in 16" - 24" length

Beaded Lace Scarf

A luxurious scarf indeed — small beads are knit into a flowing lace pattern.

Yarn, Beads and Needles

425 yards of laceweight yarn at approximately 24 to 30 wraps per inch or 200 to 250 yards per ounce. Your yarn choice needs to be thin, yet strong enough, to carry the beads.

1090 size 8/0 beads or other size beads with holes large enough for yarn to pass through (allow some extra beads for loss due to possible defects).

Size 5 us (3.75 mm) needles or size to give gauge of 5 stitches and 6 rows per inch over lace pattern after blocking.

Rectangular scarf as planned is 12" by 64" after blocking. To adjust size, for each 4" in length (24 row repeat of the main pattern), allow 70 beads and 25 yards of yarn.

Pattern Instructions

String 12" - 16" of beads onto yarn. You will carefully push these along the yarn until you need them. You may string more (or less), but this is what I've found to be a comfortable amount to deal with. In order to string more later, you will need to cut your yarn (and therefore finish the extra ends), but there is a trade-off in the extra finishing vs. the extra work and abrasion of moving the beads along the yarn.

Cast on 59 sts loosely.

Referring to the pattern stitch charts:

Work Chart A once for beginning edge.

Work Chart B 15 times for main body of scarf. When you run out of beads, cut yarn and string some more.

Work Chart C once for final edge.

Bind off very loosely in knit stitch, so that bound off edge stretches similarly to cast on edge.

Finishing and Blocking

Weave in ends invisibly.

Fill container with lukewarm water and a small amount of mild detergent. Mix thoroughly. Submerge scarf into water gently and soak 30 minutes. Drain and gently press out majority of water. Refill container with water at same temperature and rinse scarf gently. Again press out majority of water. Press scarf between two thirsty bath towels (do not rub). Block under light tension by pinning the still-damp scarf on a flat surface while gently stretching into shape and opening up the lace pattern nicely. Let dry thoroughly before removing blocking pins.

Pattern Instructions

Getting Ready

Check first that your cotton thread is a continuous piece without knots of the length needed.

Transfer the pre-strung beads off the holding string onto your thread as follows:

Tie a small overhand knot loop in the end of the holding string. Pull the end of your thread through the loop like you would a needle eye. Gently slide beads off holding string across the loop area and onto your thread.

As you knit, you will carefully push the beads along the thread until you need them.

Knitting

Cast on 19 sts loosely.

Referring to the pattern stitch charts:

Work Chart A once for beginning edge.

Work Chart B 6 times for main portion of bookmark.

Work Chart C once for final edge.

Bind off loosely in knit stitch.

Finishing and Blocking

Weave in ends invisibly.

To block, wet thoroughly, then pin or pat out on flat surface under light tension so that knit-purl pattern textures do not flatten out. Optionally starch beforehand or lightly spray starch on blocking board. Let dry thoroughly.

Enjoy! Jackie

A BEADED BIAS TOWARDS LACE

The simplest of lace patterns knits naturally on the bias to make a scarf with chic diagonal ends. The bias design is a striking use of hand-painted yarn. Optionally trim your scarf with a simple crochet beaded edge.

Sizing

Yardage guidelines are for a scarf approximately 6½" wide and up to 68" long. However, the size is simple to adjust in both length and width.

Materials and Needles

Approximately **325 yards** of fingering or finer yarn in the range of 20 to 30 wraps per inch for stated measurements above.

Note: This scarf size is easily adjusted by working more or fewer stitch and row repeats of the lace pattern. Plan for correspondingly more or less yarn and beads.

Suggested knitting needle **size 5 us (3.75 mm)** to give a gauge of about 6½ stitches and 6½ rows per inch over pattern after blocking, and as measured on the bias across width and length of scarf respectively.

Note: Gauge can be approximate, as exact size of scarf is not critical. Use a size smaller or larger needle as you prefer or have on hand.

For optional beaded edge

15g size 8/0 glass seed beads.

Additional yarn that is smooth and strong enough to carry the beads — approximately **20 yards**. If your scarf yarn is nubby or fragile, you will want to select another yarn in compatible color and thickness; otherwise, just use the same yarn as for your scarf.

Crochet hook **size E or F**.

Experience level: Basic beginner knitting skills; simple crochet skills for optional beaded edge.

Beaded Lace Scarf II

Knitted-in beads enhance the contours of a simple to knit swirly lace rectangular scarf. Only three pattern rows produce this lovely design!

Shown in Mountain Colors Winter Lace Junior, color Crazy Woman
Miyuki seed beads, color 8-254D Transparent Red AB

Size Blocked outer perimeter measurements including scallops: 11" wide by 60" long. The scarf size is easily adjusted by working fewer or more stitch multiples and/or row repeats of the lace stitch pattern. Plan for corresponding changes in yarn and bead amounts.

Yarn, Beads and Needles

475 yards lace weight or light weight fingering yarn.

Size 4 US (3.5 mm) knitting needles.

1075 size 8/0 glass seed beads (approximately 30 g) or other size beads with holes large enough for yarn to pass through (allow some extra beads for loss due to possible defects). If you wish to knit the scarf without the beads, you may just omit them.

Split eye or flexible eye needle to string beads.

Gauge 7 stitches per inch in the lace stitch pattern after blocking.

Skill Level Advanced beginner. Both charted and line-by-line written instructions are provided.

Spider-Web Socksies

Companion socks, a spider on one and web on the other, knitted in lace and beaded stitches. For an evocative statement, choose black socks with silver-beaded spider body and silvery moonlit spider web. If you prefer not to work in black, how about one of the lighter colors with golden sunlit dew drops? Or choose whatever colors you fancy spiders and their webs to be!

Sizing

5 sizes for children and adults. Instructions for smallest size are given first, with each next larger size in the [, , ,] brackets. Finished foot circumference without stretching is 6[7,8,9,10]" . As a guideline, these are planned for Small Child[Child/Adult Small, Adult Medium, Adult Large, Adult Extra Large] sizes.

To choose the size most accurately, measure around widest point on foot of person who will be wearing the socks. Subtract 10% from this measurement. If this number is between 2 sizes, choose the smaller size for a snugger fit, and the next larger for a looser fit.

Planned leg length is approximately 5[5½,6,6¼,6½]" , and can be easily adjusted either longer or somewhat shorter. Foot length is adjustable to specific measurements of wearer. If you are making adjustments for longer leg length, or especially long feet, you may need more yarn than specified below.

Yarn, Beads and Needles

Fingering weight sock yarn (16 - 17 wraps per inch) that is smooth enough to allow the beads to slide along it, approximately 200[250,325,400,450] yards.

Size 1 us (2.5 mm) double point needles, or size needed to obtain planned gauge, set of 4 or 5 needles

Gauge: 8 stitches per inch over stockinette stitch

200 size 8/0 glass seed beads (approximately 7 g) or other size beads with holes large enough for yarn to pass through (allow some extra beads for loss due to possible defects).

Tapestry needle **size 24** or similar with eye small enough for stringing the beads.

Skill Level: Intermediate knitter

LOOP-D-LOOP

A quick and simple to knit scarf-like accessory, looped at one end and pointed on the other. Wear with end pulled through loop for a unique fashion statement. Feels so good in luscious chenille and loopy mohair! Or choose another combination of 2 or 3 strands of yarns that together will knit to a super-bulky gauge. Easy 5-row pattern of alternating stockinette and reverse stockinette stitch welts. Finish with an optional looped bead fringe at the pointed end.

Pattern includes instructions for two styles: a wider muffler in shorter length (pictured to the right), and a narrower tippet in longer length.

Sizing

Muffler: 8" by 36" for a cuddly warm scarf pulled up around the neck.
Tippet: 5" by 52" for a looser casually draped scarf on the shoulders.

Yarn, Beads and Needles

Simply pull pointed end through looped end — can be used with either muffler or tippet style.

200 yards / approximately 2.5 oz (70g) of bright multi-colored chenille.

200 yards / approximately 1.75 oz (50g) of boucle loop or brushed mohair in black, white or a complementary color to the chenille.

Notes: Knitting is worked with chenille and mohair held together as one. The mohair helps to hold the chenille in place at this relatively large gauge. You may also substitute another combination of 2 or 3 strands of other yarns that together will knit at a super-bulky gauge.

Size 10½ us (7 mm) circular needle in 29" - 36" length, or size to give a gauge of about 2½ stitches per inch over stockinette. Gauge can be approximate, as size of scarf is not critical.

An extra needle in **size 10½ us (7 mm)** or **11 us (8 mm)** for binding off.

For optional looped bead fringe

15g size 8/0 glass seed beads.

Yarn in similar color to the mohair, and that is smooth and strong enough to carry the beads — approximately **5 yards**.

Size 3 us (3.25 mm) needle, or any single spare needle close to this size will do. You'll only be using it to secure the beaded fringe onto the edge of the scarf.

Tapestry needle **size 24** or similar with eye small enough for stringing the beads.

Experience level: Basic beginner knitting skills; some knowledge of working with beads may be helpful, although the instructions are quite explicit even for those unfamiliar with handling beads.

Form another loop at the looped end by pulling part of scarf backwards through the looped end. Feed pointed end through new loop just made. Use with longer, narrower tippet style.

BEAD RIBBED SOCKS

Designed especially for those multi-colored sock yarns you can't resist! The stitch pattern is a variation of an interrupted rib, with beads highlighting the pattern shift. Simple yet fascinating!

Sizing

4 sizes in small through extra-large adult. Instructions for smallest size are given first, with each next larger size in the [, ,] brackets. Finished foot circumference without stretching is 6[7½,9,10½]". As a guideline, these are planned for Child/Adult Small [Adult Medium, Adult Large, Adult Extra Large] sizes.

Pictured model was knitted in Lorna's Laces Shepherd Sock 80% merino wool/20% nylon yarn in color #42 Cool, and Miyuki beads in color Metallic Blue Iris.

To choose the size most accurately, measure around widest point on foot of person who will be wearing the socks. Subtract 10% from this measurement. If this number is between 2 sizes, choose the smaller size for a snugger fit, and the next larger for a looser fit.

Planned cuff/leg length is approximately 6¼", and can be adjusted either longer or shorter according to the stitch pattern repeat. Foot length is adjustable to specific measurements of wearer. If you are making adjustments for longer leg length, or especially long feet, you may need more yarn than specified below.

Yarn, Beads and Needles

Fingering weight sock yarn (16 - 17 wraps per inch) that is smooth enough to allow the beads to slide along it, approximately 275[350,425,500] yards

Size 1 us (2.5 mm) double point needles, or size needed to obtain planned gauge, set of 4 or 5 needles

Gauge: 8 stitches per inch over stockinette stitch

640 [800, 960, 1120] size 8/0 glass seed beads (approximately 25g [30g, 35g, 40g] or other size beads with holes large enough for yarn to pass through (allow some extra beads for loss due to possible defects)

Tapestry needle **size 24** or similar with eye small enough for stringing the beads

Chocolate Covered Cherries

A matching set of ankle socks and half mitts (i.e. wrist warmers or fingerless gloves - leaves your fingers free for eating the real thing without getting gooey fingers! right?). These are a honeycomb eyelet pattern of turn-down cuffs in "chocolate"-colored yarn and "pink creamy filling" beads outlining the eyelets that overlay red "cherry" yarn underneath. On sock heels and along sides of sock foot and half-mitt, the wavy crossed stitch accents echo the honeycomb pattern and suggest a "drizzling of chocolate". A neat treat!

Sizing

5 sizes for children and adults. Instructions for smallest size are given first, with each next larger size in the [, ,] brackets. Finished foot circumference on sock is 6[7,8,9,10]". Finished hand circumference on mitt is 7½[8½,10,11,12]".

As a guideline, these are planned for Small Child[Child/Adult Small, Adult Medium, Adult Large, Adult Extra Large] sock and mitt sizes. To choose the size most accurately, measure the person who will be wearing the socks and mitts. For socks, measure around widest point on foot, then subtract 10% from this measurement. For mitts, measure around hand at base of fingers including thumb. For each measurement, if the number is between two sizes, choose the smaller size for a snugger fit, and the next larger for a looser fit.

Planned length of sock leg and mitt wrist ribbing is approximately 3" after cuff is folded over. Length can be made longer. Foot and hand length is adjustable to specific measurements of wearer. If you are making adjustments for longer lengths, or especially long feet, you may need more yarn than specified below.

"Antique" Satin and Lace Ornament

Fine lace knitted with unbleached linen and pearl seed beads against white satin suggests the look of an antique ornament.

Use this pattern as written to decorate a commercial ornament ball, or just as a jumping-off point using your favorite lace edging.

Makes a nice gift and remembrance for the holidays.

Materials and Supplies

Approximately 12 yards of 35/2 unbleached linen thread (as pictured) or equivalent fine thread such as size 20 crochet thread, and in your choice of color.

36 size 10/0 white pearl seed beads (as pictured) or your choice of color.

If you are using loose seed beads, some beeswax or paraffin will help in stringing the beads.

Size 1 US (2.25 - 2.5 mm) knitting needles.

1 ornament ball, 7.5" circumference. A white satin ball (thread-wrapped styrofoam) was used in the model pictured. If you have trouble finding a satin ornament, you may need to substitute a more readily available glass ball.

Small tapestry needle for joining and finishing ends.

3 or 4 fine gauge sewing pins (if using a satin ball) or clear craft glue (if using a glass ball).

Gauge: Lace edging depth = 1.5" and 12 of the 6 row repeats = 7.5" after blocking and lightly stretched.

Adjustments and substitutions

To adjust for other sizes of ornament balls, keep in mind that more thread may be needed, and that the total number of beads you will need depends on the number of 6-row repeats it takes to encircle the ornament — 3 beads are needed per 6-row repeat.

If you wish to substitute for other thread sizes, adjust as necessary for compatible sized beads and the size needles you need to produce an open lacy look. Your gauge may vary with the thread size substitution, so be careful to allow for an adequate amount of thread.

Mini Lace and Beaded Flag

A miniature representation of the U.S. flag knitted in lacy stripes and beaded stars, to symbolize the flag proudly waving in the breeze.

In memory of those who mourn the loss of loved ones in the tragic events of September 11, 2001. I applaud those who have given, and continue to give so much in responding to relief efforts and to defending our country's values and peoples - - my prayers are with you.

*God bless America!
Jackie E-S*

Finished size: approximately 3" by 5".

Yarn, Beads and Needles

Size 8 pearl cotton thread or equivalent. Your yarn choice needs to be thin, yet strong enough, to carry the beads. 3 colors as follows: red - 14 yards, white or natural - 10 yards, blue - 6 yards

50 glass seed beads size 10/0 or 11/0 in white or pearl, either loose or pre-strung

Size 4/0 US (1.25 mm) needles.

Gauge - approximately 14½ stitches per inch over pattern.

Finished Measurements, Yarn, Beads, Needles

Sized for adult medium.

Measurements and materials specifications for the three styles are separated by slashes as follows:

Wrist Warmers / Hand Warmers / Mitts

Finished measurements (unstretched):

Circumference at upper edge: 8½" / 9" / 10"

Circumference around wrist (all 3 styles): 6"

Length: 4" / 6½" / 8¼"

Fingering weight yarn:

110 / 195 / 225 yards

Size 1 US (2.25 mm) knitting needles or size to give gauge of 9½ stitches/inch over Beaded Lace pattern stitch or an equivalent of approximately 8½ stitches/inch over stockinette; your choice of double point needles or circulars

(approximately 10 / 25 / 30 grams)

Size 24 tapestry needle, nylon dental floss threader or other collapsing eye needle for stringing beads onto your yarn

Here are three styles of beaded hand coverings designed for under-the-cuff wear to give the look of layering. Pretty enough to even wear by themselves!

All three styles have a special elegance with their contoured beaded edging and bead-embellished lace.

The Wrist Warmers feature a slightly frilly look that looks fabulous peaking out from the underneath the cuffs of a blouse or sweater. The beaded pattern leans left on one wrist warmer and right on the other, giving a balanced look to the duo.

The Hand Warmers are styled to cover the back of the hand. This version features a symmetrically mirrored arrangement of the bead-embellished lace on each Warmer. The shaping is done in pattern to conform to the hand.

The Mitts are similar to the Hand Warmers except made longer to cover more of the hand, and incorporate a wider gusset to span the thumb hole. What a flattering alternative to wearing mittens or gloves.

Pictured models knitted in Brown Sheep Nature Spun fingering weight yarn and Miyuki beads.

Yarn color and bead color numbers —

Wrist Warmers: 720 Ash, 725 Dark Bronze

Hand Warmers: 107 Silver Sage, 456 Gunmetal Iris

Knitted with red yarn, these simple yet fascinating socks alternate blue and white beads in a simple knit and purl pattern. The stripes of beads in the cuff suggest the U.S. flag proudly waving in the breeze.

Sizing

4 sizes in small through extra-large adult. Instructions for smallest size are given first, with each next larger size in the [, ,] brackets. Finished foot circumference without stretching is 6 [7½, 9, 10½]". As a guideline, these are planned for Child/Adult Small [Adult Medium, Adult Large, Adult Extra Large] sizes.

To choose the size most accurately, measure around widest point on foot of person who will be wearing the socks. Subtract 10% from this measurement. If this number is between 2 sizes, choose the smaller size for a snugger fit, and the next larger for a looser fit.

Planned cuff/leg length is approximately 6¼", and can be adjusted either longer or shorter according to the stitch pattern repeat. Foot length is adjustable to specific measurements of wearer. If you are making adjustments for longer leg length, or especially long feet, you may need more yarn than specified below.

Hug-Me-Tight Fan Lace Jacket Wrap

The concept for this cover-up was based on a vintage garment style. However, this design is updated with a modern-day relaxed fit and easy-knitting circular construction.

My Beading Heart Scarf

This lightweight, sparkly fashion scarf is a double treat for lovers of lace and beaded knitting. The design features laceweight yarn in closely-toned hues that is doubled to achieve added richness and depth, not to mention the bonus of quicker knitting.

Another double feature is the beading at each end of the scarf in different, yet coordinated designs to double your pleasure in the knitting and stylish wearing.

The area between the pointed ends of the scarf transitions into a simpler bias lace with beads along the edges only, thus minimizing bulk and allowing the scarf to nicely pleat when wrapped about the neck.

Links of Diamonds Scarf

This jewel of a scarf has a beautiful shaped edge, undulating about the hexagonally clustered diamond shapes that appear to be linked together. For added glamour, incorporate glass beads as I did, or omit them if you prefer.

Links of Diamonds is the latest design in the series “It’s an Upside-Down World: directional stitches in lace”. Lovers of scarves where both ends match will delight in the attention to design and technical details of this scarf.

“Fool the eye” horizontal symmetry allows this scarf to be knit from end to end in one piece. Particular attention is also given to the cast on, bind off, and treatment of edge stitches to achieve the look of a continuous chain edging all around.

Bella's Beads

This hat is a flapper style, inspired by the movie “Agatha” with Vanessa Redgrave. Women in the 20's and 30's wore these lovely cloche hats. Laura envisioned one with a beaded band ... which started us on the way to creating this hat design. A second inspiration was a biography of Bella Abzug, a politician who did a lot for women's issues. Bella was famous for always wearing a hat; hence Bella's Beads.

The design has a beaded roll brim followed by plain knitting, then a beaded band emphasized in purl stitches. Two versions for the crown are given — one with beaded purl circles, and the other with beaded garter spokes. For the beaded areas, you will be manipulating two strands of yarn, one with and one without beads. This is a simple way to introduce the beads as needed into the knitting.

Sizing

Adult small, with changes for medium and large in the [,] brackets.

Finished hat circumference 19¾[21, 22½]" to fit head approximately 21[22, 23]"

Yarn, Beads and Needles

Primary yarn (Y): heavy worsted or UK 12-ply weight - 105[115,125] yards. This is the main yarn to be used throughout the hat. Choosing a yarn with a halo, such as the mohair blend yarn used in the pictured model, will give a soft, subtle look to the beading. Choosing a smooth, non-textured yarn will give a crisper defined look.

Supplemental beading yarn or thread (T) for carrying the beads: 35[40,45] yards. This is the secondary yarn to be used along with the primary yarn when beads are introduced into the hat patterning. Choose a thread color similar to the primary yarn. This thread must be fine enough to pass through the bead hole, yet strong and smooth enough that the beads slide easily along it without fraying. Some possibilities are size 10 or 20 crochet thread, size 8 perle cotton, or 10/2 count weaving thread suitable for warp.

40g size 8/0 glass seed beads in coordinating or contrast color(s) as desired. Color mixes were used in the pictured models to give a random, serendipitous look. If a more uniform look is preferred, choose a single color.

Size 8 US (5 mm) or size to obtain planned gauge:
16" circular needle for main body of hat
Set of double pointed needles for crown shaping

Size 6 US (4mm) or 2 sizes smaller than needle size used to achieve gauge:
16" circular needle for roll brim

Gauge: ¼ stitches per inch over stockinette stitch (knit every round) worked on larger needles with primary yarn only

Beading needle: collapsing eye nylon floss thread or small tapestry needle or similar that can accommodate the supplemental thread and pass through the holes in the beads.

Pictured models were knitted as follows:

Beaded Purl Circles version in Heirloom Aristocrat 12 mohair/merino - color #334 azure blue, 10/2 tencel thread in indigo color, and Miyuki beads in a color mix of pearls, crystals, blues and purples.

Beaded Garter Spokes version in Heirloom Aristocrat 12 mohair/merino - color #304 White, 10/2 tencel thread in natural, and Miyuki beads in a color mix of pearls, crystals, grays and blacks.

Beaded Swirls Socks

Swirling texture and variegated color, embellished with knitted in beads, make these socks fun to knit and distinctive to wear. The shaped top edge naturally occurs due to the bias effect of the pattern. Choice of decorative heel for wearing with clogs and sandals, or plain heel for wearing with regular shoes.

Sizing

Finished foot circumference is approximately 7½" and allows a moderately snug fit on an adult woman's medium width foot.

Planned leg length is approximately 6" above heel flap, and can be adjusted either longer or shorter in increments of 10 rounds by adding or omitting repeats of Chart B.

Yardage is estimated for foot length up to woman's shoe size US 12 (11" foot length), and is adjustable to specific measurements of wearer as indicated in the instructions. If you are making adjustments for longer leg length or especially long feet, you may need more beads and yarn than specified below.

Yarn, Beads and Needles

Fingering weight sock yarn (16 - 17 wraps per inch) that is smooth enough to allow the beads to slide along it, approximately 375 yards.

Size 1 US (2.5 mm) knitting needles or size needed to obtain planned gauge.

Size 2 US (3.0 mm) knitting needles, or one size larger than those used to achieve gauge.

Instructions are written for a set of 5 double point needles. If you wish to use another method such as 4 double point needles or knitting on circular needle(s), just use the needle references to refer to the stitches however you have placed them on your needle(s).

Gauge: 8 stitches per inch over stockinette stitch.

336 size 8/0 glass seed beads (approximately 12g). For stringing the beads on the yarn, you will also need a small needle or similar with eye small enough to go through the beads, yet large enough to be threaded with the yarn. I use either a size 24 tapestry needle, or a collapsing eye nylon floss threader.

Pictured model was knitted in Lorna's Laces Shepherd Sock 80% merino wool/20% nylon yarn in color #201 Yellowstone, and Miyuki beads in color Transparent Gray Iris.

Anklet Coronets

Beads enhance the lacy scallops of these dressy socks in a low-cuffed anklelet style. I modified a basic feather-and-fan lace structure for ribbed elasticity to hug the ankle and firmness to carry the weight of the beads.

For the model shown to right, I chose a regal looking purple variegated yarn and contrast beads. The anklets look equally elegant in a tone-on-tone combination such as in the pink version below.

Sizing

Finished foot circumference is approximately 7½" and allows a moderately snug fit on an adult woman's medium width foot.

Yarn, Beads and Needles

Fingering weight sock yarn (16 - 17 wraps per inch) that is smooth enough to allow the beads to slide along it, approximately 300 yards

Gauge: 8 stitches per inch over stockinette stitch

For stringing the beads on the yarn, you will also need a small needle or similar with eye small enough to go through the beads, yet large enough to be threaded with the yarn. I use either a size 24 tapestry needle, or a collapsing eye nylon floss threader.

Pictured models were knitted in Lorna's Laces Shepherd Sock 80% merino wool/20% nylon yarn and Miyuki beads. For the purple model, the yarn color is Purple Club; bead color is Pearl Ceylon. For the pink model, yarn is Gray's Corner and beads are Purple-lined Blue Crystal.

Comments on sizing adjustments: For ease in making adjustments to circumference, the sock is based on an initial 60 stitch cuff using a 15-stitch repeat, then reducing to 56 stitches at ankle using a 14-stitch repeat. Planned cuff length is approximately 3", and can be adjusted either longer or shorter in increments of 4 rnds. Yardage is estimated for foot length up to woman's shoe size US 12 (11" foot length), and is adjustable to specific measurements of wearer as indicated in the instructions. If you are making adjustments for longer cuff length or especially long feet, you may need more beads and yarn than specified above.

Mixed Jelly Beans Socks

Give your feet some sweet fun. Ribbed columns of mixed bead colors with coordinating multi-color feet. A hint of slipped stitches in the arch/instep area hugs foot for a comfortable fit.

This pattern is dedicated to a dear friend Robin Driscoll. She gave me the initial inspiration for using mixed-color beads on sock leg to match the yarn color in foot of sock.

Not yet having a name for the sock design, I happened to come across a bag of jelly beans on my snack shelf — those jelly beans reminded me of the medley of bead colors and the happy feeling of these socks. And Robin is one of the happiest and most out-flowing warm-hearted people I know, so the name stuck. Of course, you can choose other colors and name your socks whatever feeling (or food group) of which they remind you!

Simple Beaded Wristlets and Sock-Not Cuffs

Four easy styles of beaded-garter cuffs that give you the freedom to explore a myriad of color and bead placement combinations. These cuffs can be worn on your wrists as mitts, pulse warmers or bracelets; and on ankles as a dress-up over plain socks. A single cuff also makes a chic holder around your water bottle, serves as an eye-catching coffee cup cozy, or as a dress-up to any other place that begs to be cuddled by yarn and glint of beads. The basic knit stitch and an easy beading technique make these simple and fun for anyone to make.

The garter stitch fabric in these beaded cuffs is stretchy and can accommodate a range of sizes.

All cuff styles are planned for approximately 7" circumference unstretched. Length of Style 1: 3¾"; Style 2: 5½"; Style 3: 5½"; Style 4: 5¼".

Fleur de Lace Socks

The fleur-de-lis is often associated with areas formerly settled by France, such as Louisiana. I named this sock design "Fleur de Lace" as a play on words.

The French translation of fleur de lis is lily flower. The commonly occurring decorative and symbolic representations of the fleur-de-lis are stylized designs of either a lily or iris. Thus I chose a yarn colorway with purples and greens to suggest purple iris flowers and leaves.

With the addition of the gold beads to accentuate the top of the head, petals, and stamen of the loosely rendered flower amid the lace background, we now have the popular purple, green and gold colors of New Orleans Mardi Gras. The beads encircling the cuff of the sock represent the necklaces thrown to the party-going crowd by masked riders on festive Mardi Gras floats.

The trellis lace background suggests the ornamental ironwork of balconies and courtyard gates of stately Louisiana homes that are lovingly preserved as one of Louisiana's state treasures.

Two Ways About It Beaded Socks

Bejewel your feet in these lovely beaded lace socks. There are many ways to incorporate beads while knitting. These socks use two different ways; thus, they are a good way to experience the two methods side-by-side in the same design and learn the merits of each.

The lace pattern on the leg of the sock has a lot of give, so it conforms nicely to the shapeliest of legs. Slimming columns of beads frame the silhouette of the lace diamonds on the front of the leg, while the column of beads at center back simulates the look of a high-fashion seamed stocking. 1-1 ribbing transitions from cuff into the beaded lace pattern, then is re-introduced as the ankle approaches and continues down the top of the foot as it takes over the instep sts where the lace diamond motif ends. These socks not only are a pleasure to look at, but they will also wear well with their reinforced slip-stitch heels and toes.

Although the knitting is not terribly difficult, there is almost always something interesting going on. So plan to focus some attention while knitting these and enjoy the process.
