

Fantasy Leaves Scarfette

artful knitting for your neck

Fantasy Leaves Scarfette is knitted as a long garland of leaf medallions connected by I-cord stems.

Have fun letting a ball of yarn in slow-changing colors auto-magically transition from color to color as the leaves come off the needles.

Make as many leaves as you want (our sample model has 15 leaves).

Then wear your Fantasy Leaves artfully draped about your neck in whatever medley fits your mood or forest nymph persona.

Finished Size

90" long or length desired; each leaf is approx 6" long by 2¾" wide including stem

Materials and Supplies
