## Lace Starlight Stole

Lace Starlight is a luscious stole knitted in an interesting and lovely dropped stitch lace pattern.

The radiating strands of yarn remind us of rays of starlight. For added starlight sparkle, our model is made in a soft metallic-enhanced yarn plied with tiny glass seed beads.

This self-edged stole is worked in one piece. So when it is done, it is done except for a simple blocking to open up the lace pattern.

If you are familiar with hairpin lace, you might have thought this stole was crocheted. But actually it is knitted!
